GOVERNOR GLENN IS VERY INDIGNANT

Denies That He Has Meddled in Republican Appointments at Washington.

FRIENDLY WITH BLACKBURN

Denies As False Statement That He Is Not On Good Terms With Him.

(Special to The Times-Dispatch.)

RALEIGH, N. C., February 7.—Governor Glenn says that the report sent out from Washington yesterday that he was taking any hand in the factional fight of the Republicans of this State over the government appointments for the State at Washington are absolutely without foundation. He says he did give Attorney-General Moody a personal endorsement of E. A. Holt as district attorney for the western district, and speak to President Roosevelt in his behalf, but that this was purely on personal grounds. He has known Holt from a boy, both being from Yadkin county, and Holt had succeeded him (Glenn) as district attorney and had shown ability. The Governor says his relations with Congressman Blackburn are entirely friendly and that the statement that he and Blackburn are not on speaking terms is false. That Blackburn called on him at the Executive office when he was last in Raleigh. He says no man but one of decided force and ability could have made his way politically as Blackburn has in the face of opposition, not only by Democrats, but in the ranks of his own party as well.

A charter was issued to-day for the Glen Cigar Company, of Wilmington, capital \$50,000 authorized, and \$15,000 subscribed by J. C. Weymouth, J. N. The committee consists of President W. T. Whitsett, Vice-President J. A. Matherson, Durham; Secretary R. D. W. Connor, Raleigh; J. L. Foster, Greensboro; Dr. F. L. Stevens, Raleigh.

Governor Glenn left this afternoon for Merignton to complete his investigation of the Western Hospital for the Insane, and on his return he will publish his report of the condition of the three State institutions for the insane at Merignton, Raleigh, and Goldsboro. The Governor is booked for temperance lectures at New Bern, February 15th; Wilmington, February 16th. On Washington's birthday he will be the guest of Wake Forest College, and of February 24th, he will be the guest of honor at a reunion of the Blue and Gray at Southern Pines. There will be a reception and banquet in his honor at Pineywoods Inn that night.

Judge Thomas R. Funnell has gone to Richmond to be with Mrs. Funnell, who has undergone a second operation in St. Luke's Hospital there.

NEWS GATHERED FROM SOUTHSIDE

Petition for Pardon for Young White Man to Be Presented to Governor.

ALDERMEN MEET TO-NIGHT

Several Arrests Made Last Night. Personals and Briefs.

Manchester Bureau, Times-Dispatch, 1 No. 1102 Hull Street.

Hon. D. L. Toney is interested in the circulation of a petition that is to have Governor Swannson pardon Clarence W. Scott, a young white man, who was sentenced to ninety days in jail in Manchester for petit larceny. The young man has a widowed mother living in Swansboro, and it is understood that he can regain his position at a salary of \$1.25 per day if he is pardoned within a few days.

The petition is being freely signed by the business men. Captain Lipscomb, chief of police, and a man with a heart as big as his whole body, heads the list with his signature for the boy's pardon from jail.

Board Meets To-night.

The Board of Aldermen will meet to-night and consider the report of the special annexation committee, which has looked into the matter of consolidation with Richmond. There were many who were under the belief that the meeting was to be held last night, but this was found to be erroneous.

At the meeting of the upper branch of the city's legislative body this evening, there will be several prominent citizens to watch the actions of the city fathers. That the report of the special committee will be received, there is little doubt, and that many of the members of the board will, for all time, quiet the gossip that has been going the rounds among the ones opposed to annexation, that the report was withheld for some ulterior motive.

Republicans of the city are taking a lively interest in the annexation question, and through their official organs are declaring war against the consolidation of the two cities. All kinds of arguments are being advanced, and these are as rapidly being exploded by those who offer figures and facts.

Personals and Briefs.

The condition of Mrs. Goodman, who was operated on at the Memorial Hospital a few days ago is somewhat improved, though she is not yet out of danger.

Mr. W. D. Wilkerson, of Powhatan county, who has been ill for several weeks, is much improved.

The fire department responded to an alarm at Fifth and Hull Streets early yesterday morning. A defective fuse caused the alarm. The fire was extinguished before the arrival of the department.

Miss Alice Sharp entertained the members of the Ideal Social Club at her home Tuesday night.

Mr. A. A. Burton, of Eighteenth and Everett Streets, is confined to his home with sickness.

"I have been definitely assured that an underwriting syndicate, headed by E. R. Thomas, and backed by the strongest financial syndicate in New York, will underwrite 500,000 bales of cotton at 12 cents. This proposition will not interfere with those speculators who desire to hold at 15 cents."

BUSINESS MEN ASK TO SEE MR. ROOSEVELT

President Grants Hearing to Delegation Who Will Seek Mr. Knight's Reappointment.

There was apparently no development yesterday in the interesting postmaster situation. Mr. Cabell, the President's appointee, is still out of the city, and so far as is known, he has not yet made up his mind whether he will accept the office or not.

Postmaster Knight keeps mum. All he would say yesterday was that he guessed he would have a hearing in Washington. The delegation of business men who intend to visit Washington in Mr. Knight's interest have not gone yet. It is understood that they have asked for and obtained the promise of an interview with the President within the next few days, and they are waiting for the tip from Washington. They may get that to-day or to-morrow.

It was agreed early in the action that the members of the delegation would keep their own counsel and that it was expected that no one will tell who are the men selected to make the pilgrimage. It is understood, however, that the delegation will be made up of only three or four men, but they will be representative men and will carry credentials to show to the President that they represent all the business houses of the city, which, in the transaction of business, handle immense volumes of mail.

CARTER'S AND WESTCOTT'S ACCOUNTS IN EVIDENCE

(By Associated Press.)

SAVANNAH, GA., February 7.—The accounts of O. M. Carter and R. F. Westcott, his father-in-law, with New York brokers, were offered in evidence to-day by the government in the Greene and Gaynor case. A number of witnesses were examined, among them being three representatives of New York banking or brokerage houses. The contention of the prosecution was that the accounts, though appearing in the name of Westcott, really represented transactions of Carter, who secured large amounts of stocks and bonds. These, District Attorney Erwin maintained, did not belong to Westcott, but to Carter, who held them, professed his ownership, and drew the dividends.

Otherwise, beyond exactly defining Mr. Chamberlain's position, the letter leaves matters as much as they were before.

SLIDING POLYGAMY IS INCREASING

Former Instructor of Brigham Young College Tells Senate Committee of Growth.

HE TOOK OATH OF VENGEANCE

Prof. Wolfe Testifies That He Swore to Avenge the Blood of Nation's Prophet.

(By Associated Press.)

WASHINGTON, D. C., February 7.—Hearings in the case of Senator Reed Smoot were resumed to-day before the Committee on Privileges and Elections. Professor Walter M. Wolfe, formerly teacher of geology in Brigham Young College and Logan, Utah, and an apostate of the church, was the only witness.

Professor Wolfe was asked to tell what he knew of the alleged plural marriage of Professor Benjamin Cluff and Florence Reynolds, both teachers at Provo. Professor Wolfe said he had been informed by Cluff that he was married to Florence Reynolds, and that they lived together on the trip. President Smith, he said, referred to Florence as "Sister Cluff."

"Twelve times," answered Professor Wolfe, when asked how many times he had been through the Endowment House at Temple, he explained, as the Endowment House was torn down many years ago.

"Did you take any obligations or oaths when you went through?" asked John G. Carlisle, who appeared for the prosecution.

"Every time," he replied. Asked to detail them, he said there had been obligations of chastity, sacrifice and vengeance.

The witness said that this oath had been taken: "You and each of you do covenant and pray, and never cease to pray, God to avenge the blood of the prophet on this nation."

Another Plural Marriage.

Another plural marriage was spoken of by the witness. This was between Orson Jorgensen, a student at Brigham Young Academy, and another "key" Professor Wolfe said the girl came to his house and gave an excuse for an absence from school that she had gone to the business house of the city, which, in the transaction of business, handle immense volumes of mail.

On further examination conducted by Chairman Burrows, Professor Wolfe said that in Southern Utah and New Mexico, polygamy is talked with some freedom. He quoted Apostle John Henry Smith as having said concerning the manifesto: "It is a trick to beat the devil at his own game." He quoted John Wilson, of Logan, a prominent Mormon, as saying: "The manifesto ought to be a Church, exclude men who ought not to have more than one wife and gives to worthy men an opportunity to take a plural wife. Both of these statements, the witness said, were made in his church."

"No the best of my knowledge," said Professor Wolfe, "polygamy is still in Utah has increased very materially since Utah was admitted as a State."

Laborers Win Strike.

(By Associated Press.)

CHARLESTON, S. C., February 7.—The strike of the laborers in the phosphate and fertilizer mills was brought to a head this morning, when the leaders met the mill men and told the latter that \$125 per day was the lowest rate at which they would return to work. This is the very busiest season for the fertilizer men, and appreciating the trouble they would have in getting labor from outside, a truce was declared, and before noon the men had gone back to the mills and were ready for work, being assured of the increase demanded. Nearly all of the mills on Charleston Neck were affected by the strike, employing probably 1,500 men.
